Directors and officers of 1st Source and their affiliates were customers of, and had transactions with, 1st Source and its subsidiaries in the ordinary course of business during 2008 and in compliance with applicable federal and state laws and regulations. Additional transactions are expected to take place in the ordinary course of business in the future. All outstanding loans and commitments were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility, or present other unfavorable features. Credit underwriting procedures followed were no less stringent than those for comparable transactions with other borrowers.

1st Source's Loan Policy requires prior approval by the Board of Directors for aggregate extensions of credit to executive officers and directors in excess of \$500,000, with any interested director abstaining from the vote. Loans to executive officers may not exceed \$100,000 except for loans 1) to finance the education of the executive officer's children, 2) to purchase, construct, maintain or improve a residence owned by the executive officer and secured by a first lien, or 3) secured by a perfected security interest in bonds, notes, certificates of indebtedness or other obligations fully guaranteed by the United States, cash or a cash-equivalent. Loans to executive officers are 1) reported to the 1st Source Board at its next regularly scheduled meeting, 2) preceded by the submission of a current, detailed financial statement, and 3) made subject to the condition that the loan will become due if the officer becomes indebted to any other financial institution or financial institutions in an aggregate amount greater than the amount the executive officer may borrow from 1st Source. Finally, within 10 days of the date that the aggregate indebtedness to other financial institutions exceeds \$100,000 (excluding first mortgage debt, children's educational loans and loans secured by the types of collateral described above), an executive must make a written report to the Board.

Board Committees and Other Corporate Governance Matters

In January 2004, the Board of Directors adopted Corporate Governance Guidelines to ensure and document the Company's existing high standards for corporate governance. The Corporate Governance Guidelines are in accordance with the listing standards of the Nasdaq Stock Market and Securities and Exchange Commission rules. The Corporate Governance Guidelines are available on the Company's website at www.1stsource.com.

Director Independence — The Board assesses each director's independence in accordance with the Corporate Governance Guidelines. The Corporate Governance Guidelines define an independent director as one who has no relationship to the Company that would interfere with the exercise of independent judgment in carrying out responsibilities as a director of the Company and who is otherwise "independent" under the listing standards of the Nasdaq Stock Market. The Board has determined, after careful review, that each member of the Board is independent as defined in the Company's Corporate Governance Guidelines, with the exception of Mr. Murphy and Mr. Jones, who are employed by the Company. Accordingly, ten out of the twelve current members of the Board are independent directors.

Board Committees — 1st Source and its major subsidiary, 1st Source Bank, share the following permanent committees made up of Board members of both organizations. Executive and Governance, Nominating, Audit and Executive Compensation and Human Resources Committee members are appointed annually after the Annual Meeting of Shareholders.

Meetings of the Board of Directors and Directors' Compensation — The Board of Directors held eight meetings in 2008. No incumbent directors attended fewer than 75% of the aggregate total meetings of the Board of Directors and all committees of the Board of 1st Source on which they served. Directors receive fees in the amount of \$18,000 per year, plus \$1,000 per board meeting and \$1,000 per committee meeting attended (\$1,250 per Audit Committee meeting attended). Committee chairpersons also receive an additional \$500 per meeting attended (an additional \$1,500 per Audit Committee meeting attended and an additional \$1,000 per Executive Compensation and Human Resources Committee meeting attended). Total fees paid in 2008 were \$516,750.

Annual Meeting Attendance — Per the Company's Corporate Governance Guidelines, directors are expected to attend the Annual Meeting of Shareholders. The Chairman of the Board presides at the Annual Meeting, and the Board of Directors holds one of its regular meetings in conjunction with the Annual Meeting of Shareholders. All members of the Board at the time of the Company's 2008 Annual Meeting of Shareholders attended that meeting.

Code of Ethical Conduct — The Board of Directors has adopted a Code of Ethical Conduct for Financial Managers, which is available on the Company's website at www.1stsource.com. The Code of Ethical Conduct for Financial Managers constitutes a code of ethics as defined in Section 406(c) of the Sarbanes-Oxley Act of 2002 and applies to the Chief Executive Officer, Chief Financial Officer, Controller and other individuals performing similar accounting or financial reporting functions for the Company.

Shareholder Communications — Communications to the Board of Directors from shareholders are welcomed. All written communications should be directed to the attention of the Chairman of the Executive and Governance Committee. The Chairman of the Executive and Governance Committee shall either (i) relay a shareholder communication to the full Board or an appropriate committee chairman, or (ii) where he feels that the communication is not appropriate to relay, at least provide a copy of the communication and an indication of his proposed disposition to the General Counsel, or another independent director, either of whom may forward the communication to any other directors if he deems it prudent or appropriate to do so. The Chairman of the Executive and Governance Committee shall forward all recommendations for Board nominees submitted by shareholders to the members of the Nominating Committee.

Nominating Committee Information

The Board of Directors formed an independent Nominating Committee in January 2004. The charter of the Nominating Committee is available on the Company's website at www.1stsource.com. All members of the Nominating Committee (see "Board Committees" above) comply with the independence requirements of the Nasdaq Stock Market listing standards.

The purpose of the Nominating Committee is to identify, evaluate, recruit and select qualified candidates for election, re-election or appointment to the Board. The Nominating Committee may use multiple sources for identifying and evaluating nominees for directors, including referrals from current directors and executive officers and recommendations by shareholders. Candidates recommended by shareholders will be evaluated in the same manner as candidates identified by any other source. In order to give the Nominating Committee adequate time to evaluate recommended director candidates, shareholder recommendations should be submitted in writing at least 120 days prior to the next Annual Meeting to be held on or about April 22, 2010. Nominations should be addressed to the attention of the Chairman, Executive and Governance Committee, c/o 1st Source Corporation.

The Nominating Committee will select new or incumbent nominees or recommend to the Board replacement nominees considering the following criteria:

- Whether the nominee is under the mandatory retirement age of 70;
- Personal qualities and characteristics, accomplishments and reputation in the business community;
- Current knowledge and contacts in the communities or industries in which the Company does business;
- Ability and willingness to commit adequate time to Board and Committee matters;
- The fit of the individual's skills with those of other directors and potential directors in building a Board that is effective and responsive to the needs of the Company; and
- Diversity of viewpoints, background, experience and other demographics.

Report of the Audit Committee

The Audit Committee oversees 1st Source's financial reporting process on behalf of the Board of Directors, retains and oversees the Company's independent registered public accounting firm, approves all audit and non-audit services provided by the independent registered public accounting firm and oversees the Company's compliance with ethics policies and legal and regulatory requirements. The Board of Directors has adopted a charter for the Audit Committee to set forth its authority and responsibilities. All of the members of the Committee are independent as defined in the listing standards of the Nasdaq Stock Market and Securities and Exchange Commission rules. The Board has determined that Daniel B. Fitzpatrick, Lawrence E. Hiler, Timothy K. Ozark and Mark D. Schwabero qualify as audit committee financial experts, as defined by Securities and Exchange Commission guidelines.

The Committee reviewed the audited financial statements in the Annual Report with management. The Committee also reviewed the financial statements with 1st Source's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States. The Committee also considered with the independent registered public accounting firm the firm's judgments as to the quality, not just the acceptability, of 1st Source's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent registered public accounting firm the firm's independence from management and 1st Source, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of nonaudit services provided by the independent registered public accounting firm to 1st Source with the firm's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.

Compensation Discussion & Analysis

Compensation Philosophy and Program

The Executive Compensation and Human Resources Committee of the Board of Directors, comprised entirely of independent directors, among other things administers the Company's executive compensation program. The purpose of the Executive Compensation and Human Resources Committee is described in its charter as follows:

- Determine compensation for senior management personnel;
- Review performance of the Chief Executive Officer;
- Establish wage and benefit policies for the Company;
- Review general human resources guidelines, policies and procedures;
- Oversee the Company's stock and benefit plans; and
- Review plans to ensure that incentives do not encourage inappropriate risk taking.

In addition, the Executive Compensation and Human Resources Committee generally reviews the recommendations of the Chief Executive Officer with regard to other executive officers and with regard to cash and stock incentives in the Executive Incentive Plan and other incentives for officers in the Company.

The Company's compensation philosophy begins with the concept that its executive officers and key employees are all in partnership with each other and with the Company's shareholders and that the Company succeeds best when the officers work together in this partnership. The Company believes that executive compensation programs should be designed to attract, retain and motivate executive officers and key employees who will make a valuable contribution to the whole enterprise and who will work for the long-term best interests of colleagues and shareholders alike. The Company accomplishes this through its compensation packages that include cash bonuses and equity compensation that link executive compensation to the Company's overall performance on both a short-term and long-term basis, thereby aligning the executive's interests with the interests of the Company's shareholders. Our philosophy is to compensate fairly and to incent behaviors that lead to long-term substantive performance and the success of the Company.

Components of Compensation

To that end, the Executive Compensation and Human Resources Committee has implemented a compensation program for executive officers that includes the following components:

- **Base Salaries:** Annual base salary is designed to compensate 1st Source executives for their qualifications, responsibilities and performance. Salaries are administered under the 1st Source Salary Administration Program for all exempt employees. Through this program, positions are rated under direction of the Human Resources Department and placed in a competitive salary range. Annually, management establishes

a salary performance grid that sets the range of merit increases that may be given to exempt personnel, including officers, depending on their individual performance and position in the respective salary range. The salary performance grid is reviewed, adjusted and approved annually by the Executive Compensation and Human Resources Committee based on market and industry information, including data from SNL, Watson Wyatt, Crowe Chizek, the St. Joseph County Indiana Chamber of Commerce and other publicly available sources. An officer's annual salary will increase based on his or her position in the salary range and his or her individual performance rating determined through the annual review process. The categories for performance under the Company's Salary Administration Program include:

- o Substantially and consistently exceeds job requirements;
- o Often exceeds job requirements;
- o Meets and sometimes exceeds job requirements;
- o Meets some job requirements, improvement is required; and
- o Does not meet minimal job requirements.

Generally, management awards salary increases as determined under these guidelines in conformance with the approved salary grid. All of the named executive officers, including the Chief Executive Officer, are eligible to receive annual increases through this Salary Administration Program.

For 2009 the Chief Executive Officer recommended, and the Committee agreed, that salaries for the Chief Executive Officer and for members of the Bank's Policy Committee (including all named executive officers) be frozen for one year. He further recommended the salaries for all other officers be frozen for six months and be readdressed at such time based on the performance of the economy and the Company. The Committee accepted the CEO's recommendation.

- Annual Executive Incentive Plan Awards: The Company pays incentive compensation under its Executive Incentive Plan to all of the named executive officers. The Executive Incentive Plan bonuses are determined annually following the close of each year.
 - o Calculation of Amount of Awards: Each executive is assigned a "partnership level" that is a percentage of the midpoint of the salary range or his or her annual base salary. Based on the executive's individual performance, an executive may earn between 100% and 300% of the executive's "partnership level" as incentive compensation. The actual amount received by the executive as incentive compensation is based upon the executive's performance against a set of individual performance goals developed by the executive's immediate supervisor and the executive early each calendar year. In assessing performance against these performance goals, the Company considers the level of achievement against each objective, and whether significant or unforeseen circumstances altered the expected results or the difficulty of achieving the results. The amount is then adjusted based upon overall corporate performance against its annual profit plan as adjusted by the Committee. This "partnership level" percentage rises 2.5% for every 1% the Company exceeds its profit plan and decreases 2.5% for every 1% the Company falls short of its profit plan.
 - o Method of Payment and Forfeiture: 50% of the Executive Incentive Plan bonus is paid in cash at the time of the award. The other 50% is paid in book value stock that is subject to forfeiture over a five-year period based on the executive remaining with the Company and on the continued financial performance of the Company. The Company believes that this form of equity-based compensation ties executives directly to the long-term real economic performance of the Company and will encourage its executives to make sound business decisions that will grow the Company carefully over time, strengthen its financial position and discourage decisions designed for short-term gain only. The Company acknowledges that these equity awards could become a significant portion of an individual's net worth over time. The Company has chosen book value stock as the method of compensation because it is the one value that management of the Company can affect by its collective decisions. The earnings of the Company are either added to the book value per share or are paid out as dividends on all outstanding shares (including book value shares still subject to forfeiture). In this way, the value of the book value shares are protected from fluctuations in the stock market that are unrelated to performance of the Company. The executive generally is required to hold the book value shares until retirement except that seven years after the forfeiture risk has lapsed, subject to the approval of the Company, the executive may sell 50% of these vested book value shares back to the Company at its then book value for specific purposes: purchase of a personal residence or second home, college education tuition or financial hardship.
- Five-Year Long-Term Incentive Awards:
 - o Calculation of Amount of Awards: The Company further rewards its executives for good long-term actions with a five-year, long-term incentive award. Every five years, the Company establishes a set of corporate goals. These change from time to time, but usually include a growth goal, a return on equity goal and some credit and operating performance goals. The executive bonuses under this program are calculated based upon a pre-determined mathematical formula that compares the Company's performance relative to its five-year plan and the executive's average award over the prior five years. The final bonus amounts are determined by multiplying the result of that calculation by the executive's assigned "partnership level" for long-term incentive award purposes.
 - o Method of Payment: Under the Executive Incentive Plan, 25% to 50% of the long-term award is paid in cash at the time of the award, with lower cash amounts being paid to more senior executives. The remainder of the long-term award is paid to executives in market value stock, with 10% vesting at the time of the award. The remaining market value stock is subject to forfeiture over a nine-year period based upon the continued growth of the Company and the executive's remaining with the Company.

Chief Executive Officer Performance and Compensation

Mr. Murphy's compensation includes the same components described above for all executive officers of the Company. In addition, Mr. Murphy participates in the 1998 Performance Compensation Plan that is described below. Mr. Murphy's performance is evaluated by the Executive Compensation and Human Resources Committee each year against a series of objectives determined by the Committee, some of which are derived from the Company's annual budget plan and the Company's long-term strategic plan as approved by the Board of Directors.

- **Base Salary:** Each year, the Executive Compensation and Human Resources Committee reviews reports by SNL, Watson Wyatt and the National Executive and Senior Management Compensation Survey published by Compensation Data Surveys, Dolan Technologies Corporation, comparing compensation among comparable banks and also proxy statements for many of the companies identified. The Executive Compensation and Human Resources Committee uses these reports to evaluate Mr. Murphy's pay package against other pay packages for Chief Executive Officers with similar tenure at peer banks in terms of size and complexity. The Executive Compensation and Human Resources Committee checks comparables to ensure fairness as to aggregate compensation and its components. The Executive Compensation and Human Resources Committee applies the salary grid used by the Company for all exempt employees when determining Mr. Murphy's base salary increase.
- **Base Salary Increases:** The Executive Compensation and Human Resources Committee reviewed Mr. Murphy's salary in February 2009. Under his Employment Agreement, the terms of which are summarized on page 10 of this proxy statement, Mr. Murphy has had a right to receive an annual increase in base salary as determined by the Company. Annually, Mr. Murphy is reviewed on his success in achieving the Company's business plan and budget for the year with special focus on the Company's return on equity and absolute earnings. He is also responsible for the overall performance of the Company relative to its operating and strategic plans and for representing it to various constituencies, for its community participation and for ensuring the development of a culture of independence, integrity and long-term success. As reported above, upon Mr. Murphy's recommendation the Company froze the salaries of its most senior executives as of January 1, 2009 for 12 months from their individual anniversary dates. Accordingly, the Executive Compensation and Human Resources Committee kept Mr. Murphy's base salary at its 2008 level for all of 2009.
- **Annual Executive Incentive Plan Award**
 - o **Calculation of Amount of Award.** Mr. Murphy's base award is calculated based on a "partnership level" of 30% of his base salary. That base bonus is subject to increase or decrease based upon performance of the Company as described above. The Company performed below its plan for the year 2008, but performed well compared to peers. Mr. Murphy generally met his qualitative and other quantitative objectives, but the Company underperformed on return on assets and return on equity. The Company partially achieved its goals for credit quality and growth objectives. Based upon the formula tied to those objectives, Mr. Murphy was awarded \$95,000 for his performance in 2008 under the Executive Incentive Plan.
 - o **Method of Payment.** Consistent with the Executive Incentive Plan, 50% of the award was paid in cash to Mr. Murphy at the time the award was made. The other 50% of Mr. Murphy's award is determined in book value stock, but paid to Mr. Murphy in cash as the forfeiture period elapses. Mr. Murphy and his family own a substantial amount of Company stock. As shown on page 2 of this proxy statement, Mr. Murphy owns over three million shares of Company stock directly or indirectly and therefore is already significantly invested in the Company. The Executive Compensation and Human Resources Committee believes Mr. Murphy's interest as an owner is significantly enough aligned with the shareholders that the Executive Incentive Plan's stock components can be paid in cash as the forfeiture risk lapses.
- **Five-year Long-term Incentive Award:**
 - o **Calculation of Amount of Award:** The Company largely achieved its long-term credit quality goals and partially achieved its profitability goals for the five-year period ended December 31, 2005. Based upon the mathematical formula applied to the Company's performance and the average of Mr. Murphy's annual incentive award over that five-year period, Mr. Murphy received a bonus of \$74,536 in 2006.
 - o **Method of Payment:** Under the Executive Incentive Plan, 32.5% of this award was paid in cash at the time of the award, and the remaining 67.5% will be subject to forfeiture over the next nine years based upon the Company's performance. During this period, the "at risk" portion of the award is delineated in market value stock, but is paid in cash to Mr. Murphy as the forfeiture restriction lapses for the same reason that the Executive Incentive Plan's annual award is eventually settled in cash.

Mr. Murphy also participates in the 1998 Performance Compensation Plan. This plan was designed so that a program could be available to the Executive Compensation and Human Resources Committee for awarding bonuses that are specifically mathematically-based and qualify for full deduction under the tax rules described below although such deductions may no longer apply. This program may be used to replace or supplement the Executive Incentive Plan. The Executive Compensation and Human Resources Committee this year made an award to Mr. Murphy.

- **1998 Performance Compensation Plan Award:** Mr. Murphy was eligible for a cash bonus under the 1998 Performance Compensation Plan based on the Company's earning goals established by the Executive Compensation and Human Resources Committee at the beginning of 2008. The Executive Compensation and Human Resources Committee determined that some of these goals were attained. For 2008, the award level was set up to 1.5% of net income, which is less than the 2.5% set for previous years. Under the terms of the plan, Mr. Murphy earned a bonus of \$166,930, or approximately 0.5% of net income.

Tax Deductibility of Pay

Federal income tax law caps at \$1,000,000 the deductible compensation per year for each of the named executive officers in the proxy statement, subject to certain exceptions. Additionally, beginning in 2009, the Company's participation in the Capital Purchase Program (CPP) established pursuant to the Emergency Economic Stabilization Act of 2008 (EESA) requires it not to claim a tax deduction for any compensation paid to a named executive officer in an amount exceeding \$500,000. In developing and implementing executive compensation policies and programs, the Executive Compensation and Human Resources Committee considers whether particular payments and awards are deductible for federal income tax purposes, along with other relevant factors. The Executive Compensation and Human Resources Committee has taken what it believes to be appropriate steps to maximize the deductibility of executive compensation. It is the general intention of the Executive Compensation and Human Resources Committee to meet the requirements for deductibility whenever possible. The Executive Compensation and Human Resources Committee will continue to review and monitor the deductibility of compensation.

(1) Amounts included in Stock Awards for awards made prior to 2007 are computed based on the annual expense that would have been included in 1st Source's financial statements under SFAS 123R utilizing the modified prospective transition method. Amounts included in Stock Awards for awards made in 2007 and 2008 are based on the annual expense that was included in 1st Source's financial statements for those years under SFAS 123R. These amounts are computed using grant date fair values for each individual grant classified as an equity award under SFAS 123R and settlement date fair values for each individual grant classified as a liability award under SFAS 123R.

(2) Amounts included in Option Awards are computed based on the annual expense included in 1st Source's financial statements under SFAS 123R utilizing the modified prospective transition method and the grant date fair value for the applicable grant. Valuation assumptions for this grant were included in the weighted average computation of assumptions for 2001 stock option grants in Note H to 1st Source's 2001 Annual Report.

(3) Amounts included in All Other Compensation for the most recent fiscal year are as follows:

| | Company Contributions to Defined Contribution Retirement Plans | Dividends on Stock Awards | Directors' Fees | Perquisites | Other Amounts of \$10,000 or Less | Total |
|--------------------|--|---------------------------|-----------------|-------------|-----------------------------------|-----------|
| Mr. Murphy (5) (6) | \$ 17,853 | \$ 19,281 | \$18,000 | \$23,678 | \$ 5,544 | \$ 84,356 |

* Not included - total of perquisites and benefits is less than \$10,000

(4) Mr. Stifel turned age 65, which is considered normal retirement age for Executive Incentive Plan purposes, during 2006. Accordingly, for purposes of this table and in accordance with the requirements of SFAS 123R, the entire fair value of stock awards made to him during 2008 (\$41,012), 2007 (\$52,890) and 2006 (\$50,599) and the fair value of stock awards made to him prior to 2006, but unvested as of January 1, 2006 (\$90,550) have been included in his Stock Awards amounts for 2008, 2007 and 2006. Only the fair value of stock awards that vested for 2008, 2007 and 2006 performance has been included for the other named individuals. Mr. Stifel's amount is \$5,164, \$26,790 and \$118,910 higher for 2008, 2007 and 2006 respectively than it would have been had it been computed on the same basis as the other individuals in the table.

(5) Mr. Murphy's perquisites included personal usage of the company plane (\$12,233), company car mileage, annual medical examination and country club dues. These are valued at the incremental cost of the personal usage to the Company. For personal usage of the company plane, the incremental cost is the variable hourly cost.

(6) Mr. Murphy reimbursed the Company \$5,000 in each year shown for other miscellaneous incalculable personal benefits.

(7) There were no bonus awards or changes in pension value and non-qualified deferred compensation earnings for the named executive officers in 2008, 2007 or 2006.

NARRATIVE DISCLOSURE TO SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS TABLE

Employment Agreements:

Mr. Murphy, Mr. Jones, Mr. Lentych and Mr. Stifel previously signed employment agreements in April 1998. Mr. Griffith originally entered into an employment agreement in March 2001. Recently, Messrs. Murphy, Jones, Stifel, Lentych and Griffith each entered into a new employment agreement effective January 1, 2008. The primary differences between the prior agreements and the new agreements are provisions required for compliance with Section 409A of the Internal Revenue Code.

Mr. Murphy's agreement provides for a \$659,200 base salary at January 1, 2009, with annual increases as the Committee may deem appropriate each year, and bonus payments (paid in cash or stock at Mr. Murphy's election) under the Executive Incentive Plan and the 1998 Performance Compensation Plan. Under the other four agreements, Mr. Jones, Mr. Stifel, Mr. Lentych and Mr. Griffith receive base salaries of \$374,000, \$252,665, \$230,000 and \$281,000, respectively, at January 1, 2009, with increases thereafter as may be determined by 1st Source, and cash and stock bonuses determined under the Executive Incentive Plan. As in the prior agreements, the new agreements permit gross-up payments necessary to cover possible excise tax payments by the executives and to reimburse the executives for legal fees that might be expended in enforcing the agreements' provisions or contesting tax issues relating to the agreements' parachute provisions.

Each of the agreements expires on December 31, 2009, but will be extended from year-to-year thereafter unless either party gives a notice of non-renewal to the other. The term of Mr. Murphy's agreement will end on December 31 of the third year following the year in which any notice of non-renewal is given. The term of the agreements with Messrs. Jones, Stifel, Lentych and Griffith will end on December 31 of the same year in which any non-renewal notice is given.

If an executive terminates employment because of any adverse change in his status, then he would continue to receive his base salary for a period of time after his termination. Mr. Murphy would receive the equivalent of 36 months of base salary with the first six months payable in a lump sum. Messrs. Jones, Stifel, Lentych and Griffith would receive the equivalent of twelve months of base salary with the first six months payable in a lump sum.

If an executive terminates employment within one year of a change in control (which term includes any third party which becomes beneficial owner of 50% or more of the outstanding stock of 1st Source, the election of a majority of new directors in connection with a sale, merger, other business combination or contested board of directors election, or shareholder approval of any transaction which results in a disposition of all or substantially all of the assets of 1st Source), then he will receive severance pay in cash equal to 2.99 times his "Annualized Includable Compensation for the Base Period" (as defined under the Internal Revenue Code of 1986, as amended).

The employment agreements also include restrictive covenants which require, among other things, that the executives not compete with 1st Source in bank or bank-related services within the geographic region in which full-service retail branches of 1st Source Bank or any affiliate are located. The agreements also prohibit the executives from ever divulging confidential information or trade secrets after termination of employment.

In the event an executive's employment is terminated because of disability and in addition to other disability programs in effect for all officers of 1st Source, the executive will receive twelve months of base salary, with the first six months payable in a lump sum and the balance paid in monthly installments beginning on the first day of the seventh month following the date of termination.

In connection with the Company's participation in the United States Department of the Treasury's (Treasury) TARP Capital Purchase Program, Mr. Murphy, Mr. Jones, Mr. Lentych, Mr. Stifel and Mr. Griffith each entered into a CPP Compensation Limitation Agreement with 1st Source agreeing to any amendments required to be made to their respective compensation, bonus, incentive and other benefit plans, arrangements and agreements during the period that the Treasury holds any debt or equity position in the Company acquired under the TARP Program in order to comply with the executive compensation and corporate governance requirements of Section 111(b) of the Emergency Economic Stabilization Act of 2008. Messrs. Murphy, Jones, Lentych, Stifel and Griffith each agreed to provisions prohibiting any golden parachute payments that exceed three times the base amount of their salary (calculated as the average of his salary for the five years prior to severance), claw-backs on bonus and incentive compensation if such payments were based on financial statements or other performance metrics later determined to be materially inaccurate and avoidance of incentives that encourage unnecessary and excessive risk taking.

Messrs. Murphy, Jones, Lentych, Stifel and Griffith also each executed a waiver voluntarily waiving any claim against the Company or the Treasury for any changes to his compensation and benefits required to comply with Section 111(b).

Bonus Plan:

Bonuses under 1st Source's Executive Incentive Plan (EIP) are determined annually following the close of the year. The bonus is calculated based on the officer's "partnership level" adjusted for the Company's performance relative to plan and for the individual's personal performance relative to weighted objectives set by the individual with his or her supervisor at the beginning of the year. For the named executives, the base bonus is calculated at a "partnership level" ranging from 20% to 30% of their salaries. For each 1% that the Company varies from its profit plan for the year, the base bonus is adjusted up or down by 2.5%. Finally, this possible bonus is adjusted by the individual's performance ranging from 0% to 300% of the possible bonus.

Under the terms of the EIP, 50% of an Executive Incentive Plan bonus is paid in cash at the time of the award. The other 50% is paid in "Book Value" stock which is subject to forfeiture over the succeeding five (5) years. "Book Value" shares may only be sold to 1st Source, and such sale is mandatory

in the event of death, retirement, disability or termination of employment. 1st Source may terminate or extend the Plan at any time. The forfeiture lapses ratably for each year the employee remains with the Company and for each year, or period of years, the Company grows its net income by a targeted minimum per year. During this period, the "at risk" portion of the bonus, delineated in book value stock, is transferred to the participant as the forfeiture period lapses. In Mr. Murphy's case, while determined in book value stock, the award is paid in cash as the forfeiture lapses.

Due to the Company's performance in 2002, the remaining 20% of the award made in 1997 would be forfeited. In early 2003 Mr. Murphy asked that the forfeiture period for these awards be extended for four (4) years for all members of the Executive Incentive Plan except those most senior officers (including Mr. Murphy and Mr. Jones) of the Corporation with credit and management authority bearing full responsibility for the Company's performance. The recommendation for the extension was made in an effort to encourage the management team throughout the Company to accelerate their efforts to return 1st Source to its historic earnings levels. This extension was approved by the Board of Directors and the shareholders. The Board and shareholders also approved extensions of the forfeiture period for the awards made in 1998, 1999, 2000 and 2001 by four (4) years for all members of the Executive Incentive Plan except Mr. Murphy, who forfeited the remaining 20% and 60%, respectively of the 1997 and 1998 award in January 2003 and January 2004 and the remaining 100% of the 1999, 2000 and 2001 awards in January 2005, January 2006 and January 2007, respectively. All other members of the Executive Incentive Plan forfeited the remaining 20% of the 1997 awards in January 2007, the remaining 60% of the 1998 awards in January 2008, and the remaining 100% of the 1999 awards in January 2009.

Mr. Murphy was also eligible for a cash bonus under the 1998 Performance Compensation Plan based on goals established at the beginning of each year. For 2007 and 2008, the award level set was up to 1.5% of net income, less than the 2.5% set for previous years. Based on Mr. Murphy's performance, Mr. Murphy earned bonuses of \$166,930 (0.50% of net income), \$305,390 (1.00% of net income), and \$500,000 (1.27% of net income), for 2008, 2007 and 2006 respectively.

The amounts shown in the Stock Awards column of the Summary Compensation Table for awards related to periods before 2006 represent the annual expense that would have been included in 1st Source's financial statements under SFAS 123R using the modified prospective transition method. The amounts shown in the Stock Awards column of the summary compensation table for awards related to 2007 and 2008 represent the annual expense that was included in 1st Source's financial statements for those years under SFAS 123R. The option award amount shown in the Option Awards column of the Summary Compensation Table represents the expense of the related option award computed in accordance with SFAS 123R. The amounts shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table represent the annual cash awards under the Plan and the 1998 Performance Compensation Plan award. Estimated future payout amounts for 2008 book value stock awards and the corresponding grant date fair values are shown in the Grants of Plan-Based Awards Table.

Recipients of unvested book value and market value shares granted under the Executive Incentive Plan receive dividends at the same time and in the same amount as all other holders of 1st Source common stock.

Section 16(a) Beneficial Ownership Reporting Compliance

The Securities Exchange Act of 1934 requires executive officers and directors to file reports of ownership and changes in ownership of 1st Source Corporation stock with the Securities and Exchange Commission and to furnish 1st Source with copies of all reports filed. Based solely on a review of the copies of such reports furnished to 1st Source and written representations from the executive officers and directors that no other reports were required, 1st Source believes that all filing requirements were complied with during the last fiscal year, except that Messrs. Jones, Lentych, Qualey and Stifel each filed an untimely report of an exempt forfeiture of "book value" shares awarded under the 1st Source Corporation Executive Incentive Plan. In addition, two reports by Mr. Lentych of two transactions in his 401(k) plan account were not timely.

Proposal Number 2: Reapproval of 1998 Performance Compensation Plan Material Terms

1st Source has a 1998 Performance Compensation Plan (Plan) previously approved by the shareholders. The purpose of the Plan is to promote the interests of 1st Source and its shareholders through the attraction and retention of executive officers and other key employees (Employees), to motivate the Employees using performance-related incentives linked to performance goals, and to enable the Employees to share in the growth and success of 1st Source. There was one participant in the Plan as of December 31, 2008. The Plan is administered by the Executive Compensation and Human Resources Committee, which is comprised entirely of outside, independent directors and may in its sole and complete discretion grant awards to Employees each year. Payment of awards is not contingent upon 1st Source's ability to deduct the awards.

It is 1st Source's intention that awards made under the Plan constitute "performance-based compensation" as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended (Code). Performance-based compensation is compensation that is paid solely on the account of the attainment of one or more pre-established, objective performance goals. To meet the Code's definition, the material terms of a performance-based compensation plan must be disclosed to and approved by the shareholders of publicly held corporations such as 1st Source before the compensation is paid. The material terms of the Plan are identical to those previously approved by the shareholders and are described below.

Any awards made to Employees under the Plan will be performance-based compensation subject to the attainment of one or more pre-established objective performance goals including one or more of the following criteria: (i) net income, (ii) pre-tax income, (iii) earnings per share, (iv) return on equity, (v) return on assets, (vi) Economic Value Added and/or increase in Economic Value Added, (vii) increase in the market price of 1st Source's common stock, (viii) total shareholder return (stock price appreciation plus dividends), and (ix) the performance of 1st Source in any of the items mentioned in clauses (i) through (viii) in comparison to the average performance of companies combined into a 1st Source-constructed peer group.

All performance measures, formulas and determination of eligibility for a performance period will be established by the Committee in writing no later than ninety (90) days after the beginning of the performance period or by such other date as may be permitted under the Code. Performance measures may be based on one or more of the business criteria listed above. No performance measures will allow for any discretion by the Committee to increase any award, but discretion to lower awards is permissible. The payment of any award under the Plan to an Employee will be contingent upon written certification by the Committee prior to any such payment that the applicable performance measure(s) relating to the award have been satisfied. The maximum annual award under this Plan to any single Employee will not exceed \$5 million in any year.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" REAPPROVAL OF THE 1998 PERFORMANCE COMPENSATION PLAN MATERIAL TERMS.

Proposal Number 3: Advisory Vote on Executive Compensation

Background of the Proposal

The American Recovery and Reinvestment Act of 2009 ("ARRA"), which was enacted on February 17, 2009, contains a requirement that financial institutions, like the Company, that issued preferred stock and warrants to the U.S. Treasury Department under the TARP Capital Purchase Program permit a separate, non-binding shareholder vote to approve the compensation of the financial institution's executive officers. The SEC has recently issued guidance that requires participants in the TARP Capital Purchase Program to submit to shareholders annually for their approval the executive compensation arrangements as described in the Compensation Discussion & Analysis and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in their proxy statements.

Executive Compensation

The Company believes that its compensation policies and procedures are focused on "pay for performance" principles and are strongly aligned with the long-term interests of shareholders. 1st Source believes that both the Company and its shareholders benefit from responsive corporate governance policies and constructive and consistent dialogue. The proposal described below, commonly known as a "say on pay" proposal, gives shareholders the opportunity to endorse or not endorse the executive compensation program for named executive officers described in this proxy statement.

A main objective of the Company's executive compensation program is to align a significant portion of each executive officer's total compensation with the Company's annual and long-term performance and with the interests of its shareholders. A related objective of the executive compensation program is to attract and retain experienced, highly qualified executives so as to enhance the Company's long-term success and shareholder value. The Company believes that its compensation policies and procedures achieve these objectives.

Shareholders are encouraged to carefully review the "Compensation Discussion & Analysis" and "Executive Compensation Tables" sections of this proxy statement for a detailed discussion of the Company's executive compensation program.

As required by the ARRA and the guidance provided by the SEC, this proxy statement permits an advisory shareholder vote on the Company's executive compensation plans, programs and arrangements as reflected in the Compensation Discussion & Analysis, the disclosures regarding named executive officer compensation provided in the various tables included in this proxy statement, the accompanying narrative disclosures and the other compensation information provided in this proxy statement. This proposal, commonly known as a "say on pay" proposal, gives the Company's shareholders the opportunity to endorse or not endorse the Company's executive compensation program and policies through the following resolution:

"Resolved, that the shareholders of 1st Source Corporation approve the overall executive compensation policies and procedures employed by 1st Source Corporation and disclosed in the proxy statement for the 2009 Annual Meeting of Shareholders."

Vote Required and Effect

Approval of the Company's executive compensation policies and procedures would require that the number of votes cast in favor of the proposal exceed the number of votes cast against the proposal. Because this shareholder vote is advisory, it will not be binding upon the Board of Directors. However, the Executive Compensation and Human Resources Committee and the Board of Directors will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THIS PROPOSAL ON EXECUTIVE COMPENSATION.

In 2003 the Audit Committee adopted an Audit and Non-Audit Services Pre-Approval Policy covering services performed by 1st Source's independent registered public accounting firm. Under this policy the annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters. Any other services provided by the independent registered public accounting firm will require specific pre-approval by the Audit Committee unless the type of service has received general pre-approval from the Audit Committee. In addition, a pre-approved type of service will require specific pre-approval if the current year fee level for the type of service will exceed the approved fee level established annually by the Audit Committee. Requests or applications to provide services that require approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. All fees paid to the independent registered public accounting firm for their 2008, 2007 and 2006 services were pre-approved by the Audit Committee in accordance with this policy.

Representatives of the firm of Ernst & Young LLP will be available to respond to questions during the Annual Meeting.
